SCHMITZ GUILTY OF CRIME OF EXTORTION

Verdict of Jury Reached on the First Formal Bailot Cast.

THE JURY WAS OUT AN HOUR

Attorney for the Mayor Will Immediately Apply for a New Trial Before the Court—Maximum Penalty is Five Years.

San Francisco, Cal., June 15.—A jury of twelve of his people has declared Mayor Eugene H. Schmitz guilty of the crime of extortion as charged against him by the Oliver grand jury.

The jury was out just one hour and thirty-five minutes. It elected Charles E. Capp foreman, and at

EUGENE H. SCHMITZ.

once proceeded to an informal ballot. This was cast verbally, and stood 11 for conviction and 1 for acquittal, Juror Burns, a shoemaker, casting the dissenting vote.

Then the twelve men began a discussion of the evidence, which lasted for nearly an hour. At the end of that time the first formal ballot was cast. It was a written ballot, and was unanimous for conviction.

Schmitz's attorneys will ask for the legal period stay of proceedings before sentence is pronounced against the convicted official.

The maximum penalty for the crime of extortion is five years' imprisonment in the state prison.

The attorneys for the mayor will immediately apply for a new trial before the court, and will also ask for a writ of probable cause. If the application of the attorneys is refused, Schmitz will apply to the district court of appeals for a new trial.

Schmitz spent Thursday night at his home in charge of a deputy sheriff.

WILLIAMS CONFESSES CRIME.

Mrs. Gibbons, of Columbia, S. C., Was Robbed of $61,000.

San Antonio, June 15.—Charged with assaulting and robbing Mrs. Sallie Gibbons, of Columbia, S. C., of $61,000, Rufus William, Thursday night, confessed to the crime in the county jail.

He was caught Thursday on an eastbound Southern Pacific train on his way to New Orleans. Mrs. Gibbons and Williams arrived in the city Thursday morning from the east, the former coming for the purpose of purchasing Texas lands. She had on her person $51,000 in bills and the balance in gold coin. At noon Williams obtain a local livery and suggested a drive in the woods. Mrs. Williams was struck on the head and an attempt was made to drown her. Williams stated he took her money and fled back to this city.

May Pardon Spanish Editor.

Madrid, June 15.—It is believed in official circles that Joseph Naken, editor of the El Matin, Mora and Ibarra, who has been sentenced to nine years' imprisonment for complicity in a plot to kill Alfonso and Queen Victoria on their wedding day, May 31, 1906, will be pardoned.

ORCHARD PLEAD FOR FELLOW MURDERER

Has Brought Sensational Evidence to a Close.

PRISONER IS IN GOOD SPIRITS

Captain McParland, Famous Detective Who Has Figured in Case, Believes Orchard Has Told the Truth in His Confession.

Boise, Idaho, June 15.—Additional evidence bearing on the story as told by Harry Orchard of his attempts to kill Fred Bradley, of San Francisco, was introduced by the state Friday.

Laurence Guiddoni, the proprietor of the store near the Bradley home, was the first witness. It was here that Orchard says he made his rendezvous while he was watching the Bradley house. Orchard, or Barry as he called himself while he frequented the Guiddoni store, made himself very popular with the family. It was the proprietor who went out and secured the room opposite the Bradley house from which Orchard said he could look into Bradley's dining room and gain the exact knowledge that enabled him to plant the bomb at the right time.

In the course of his cross-examination, Orchard said he had received a registered letter containing $100 from Pettibone.

It is believed that Steve Adams will be located in Ogden by the authorities, but the San Francisco matter is temporarily passed, and the evidence will not be of great importance for the rest of the week.

It was at first the intention of the state to put Steve Adams on the stand immediately after Orchard. This however, has been abandoned and no decision has yet been reached as to when the man accused of participation in many of the greater crimes to which Orchard has confessed will take the stand.

Orchard, who reached the climax of his testimony Thursday, and whose sensational story came to an end in a dramatic manner, counsel for the defense leaving him pleading for the life of his fellow murderer, returned to the penitentiary after he left the court room. Warden Whitney said his prisoner appeared to be in better spirits than he had been for many months. He shows not the slightest evidence of fatigue or nervousness, and he ate a hearty meal after he reached the penitentiary.

Captain James McParland, the famous detective, who has figured so largely in the testimony, and who has been attacked by counsel for the defense, prefers not to be interviewed at length on the subject of the Orchard confession.

"It would be superfluous for me to reiterate," he said. "Orchard has told the literal truth about the confession, and the way it was given to me. I made him no promises; I never made a promise to a criminal in my life. Orchard first confessed to me, but said he was not quite ready to give it to me finally.

"I promised to hold it for some time and I did so. He told me that when he was ready to tell the whole story, he would let me know, and some time later he again told me the incidents of his life, leaving out nothing. Every word that he has said on the stand as to the confession is the truth, and there is nothing to add."

The state expects to close its case in ten days, or two weeks.

Clarence Darrow, for the defense, says their case will take about four weeks, though it is possible it may be concluded in less. It is generally conceded, however, that the verdict will not be reached before August 1.

Farm Lands Submerged.

Evansville, Ind., June 15.—The river here Friday morning began rising rapidly and a stage of 30 feet or more is expected. Many thousand acres of farm lands are submerged. Farmers between here and Cairo, Ill., will be severe losers, their corn crop practically destroyed wherever planted in lowlands.

NEW ORLEANS BEGINS AN ACTIVE CAMPAIGN

To Purge the City of Long Concontinued Evils.

VIGILANCE COMMITTEE FORMED

Kidnaping of Louisiana Boy Stirs City to Take Active Measures to Cleanse Place of a Dangerous Class of Criminals.

New Orleans, June 15.—Then Italians were under arrest Friday as suspects in the kidnaping of Walter Lamana. The search has assumed the proportion of a campaign to rid the city of long continued evils springing from its Italian colony. Under the leadership of a vigilance committee of twenty-five Italians and with the moral support of New Orleans business men represented by such bodies as the Cotton Exchange, Progressive Union and Board of Trade, hundreds of Italians have thrown off the fear of talking which has heretofore handicapped the police, and are giving information, which, whether the lost boy is found or not, will help cleanse the city of a dangerous criminal class.

The search for Walter Lamana is now following the direction of the Mississippi river northward. The letters demanding $6,000 ransom which the boy's father received and clews obtained by the police make it appear that little Walter was carried for several days in a covered wagon which followed the river's course.

According to the directions of one of those letters the father was to drive along the same route, alone and dressed in a particular fashion, until he heard a passerby say "drop the red handkerchief." This was to be the signal to drop the money into the roadway.

Lamana drove out this road, but was accompanied by two policemen in uniform and no signal was given.

The suspected wagon has been traced from Saturday night last, when the boy disappeared, until early in this week, when it crossed the river many miles above the city.

Iron Orders Taken Far Ahead.

Birmingham, Ala., June 15.—Announcement was made Thursday that furnace companies in this district have begun taking orders for iron to be delivered during the second quarter of 1908, the basis of prices being $18.50 per ton for No. 2 foundry iron. Heavy sales have already been made for delivery during the first quarter of next year. No spot iron is to be had, so active is the demand, while sales of the remainder of this year are being made only to regulate customers. Iron for delivery during the fourth quarter of this year is quoted at $21.50 for No. 2 foundry.

Lady Dies at Dinner Party.

Chattanooga, Tenn., June 15.—A telephone message to the Times, from Sewanee, Tenn., says that Mrs. Telfair Hodgson, the philanthropist, aged 60, dropped dead while entertaining a large party of ladies at dinner. After the function the entire party had taken seats upon the front gallery and were chatting in groups when suddenly Mrs. Hodgson's head fell upon her breast and she became unconscious. Fifteen minutes later she was dead. An acute attack of heart trouble was the cause of death.

Crop Thirty Days Late.

Houston, Tex., June 15.—D. J. Neill, state lecturer for the Farmers' union, after a tour of the north, west and east Texas, said that the cotton crop is in worse condition now than has ever previously been known at this time of year. Mr. Neill states the crop is at least thirty days late.

Kaiser Approves Scheme.

Berlin, June 15.—The kaiser has approved the great scheme for the construction of a stadium in the Grunewald forest on the outskirts of Berlin. It is to be provided for the purpose and, as it is proposed, will be a model of the Greek stadium.

HIGH SPRINGS HAPPENINGS.

Delightful Picnic at Poe Springs, Given by K. of P.—Personal Notes.

High Springs, June 15.—J. C. Le Counte and family left Friday to spend a few days in Waycross.

E. K. Anderson spent Thursday in Jacksonville.

Miss Annie Barrs, who has been attending her class reunion of Weslyan College, Macon, Ga., has returned home.

Mrs. B. C. Hodges and charming daughter, Miss Annie Lou, who have been visiting friends in Gainesville, have returned home.

Mrs. W. N. Gramling and children left Friday to spend some time in Waycross, Ga.

Miss Katie Barrs, the charming young daughter of Dr. and Mrs. C. C. Barrs of Gainesville, is visiting Miss Annie Lou Hodges.

Mrs. Leon Hatchell gave a card party at her home on Thursday evening. Miss Maude Thomas won the lady's prize and Dr. Everard Blackshear the gentleman's prize.

The Knights of Pythias gave a picnic to their families, friends and Pythian Sisters on last Friday, which proved to be a great success. It was given at Poe Springs, and an abundance of fish served in different styles added greatly to the usual picnic viands. A string band was engaged for the day, and the dancing in the pavilion overlooking the river was greatly enjoyed. The committee in charge of the picnic, appointed by the chancellor commander, J. C. Le Counte, was as follows: J. H. Sails, Jas. Day, A. E. Adams, W. N. Davidson.

On the way to the picnic, the horse driven by Mrs. W. B. Anderson, Mrs. E. K. Anderson and Mrs. P. P. Wood, became unmanageable, and but for the bravery and presence of mind of Mrs. W. B. Anderson, a serious accident might have occurred. She seized the frightened animal by the bridle and was dragged over the ground some distance before she succeeded in controlling him. She was in imminent danger but received no injury except to blister her hands.

MELROSE HAPPENINGS.

Melrose, June 15.—The public well on Bellamy avenue has been finished, and is being well patronized by the farmers coming into town, and watering their horses. Water was reached at a depth of forty feet, which is about even with the present lake level and will, therefore, give a sure supply at all times.

Mrs. M. E. Mullins has returned from Tampa, accompanied by her daughter, Mrs. W. Roberts, and two children.

Miss Pearl Griner has gone for a visit to her parents at Anthony for a few weeks.

The town has seldom been so well supplied with vegetables than at present. Yesterday no less than eight varities of fresh vegetables, besides watermelons, cantaloupes, peaches and berries, were for sale in the various stores.

Flag Day was observed by the flying of the flag over the town hall, postoffice, etc.

Mr. Dow Was Driving.

Friends of W. E. Dow, who has been suffering from paralysis for the past two months, will be glad to learn that he is so much improved that he was enabled Saturday to take a drive, which proved very invigorating.

Mr. Dow is a prominent Elk, one of the leading young business men of this section, and numbers his friends only by his acquaintances. He is getting along nicely, and expects in a few day to be at his office again.

John Pendrel, traveling passenger agent of the Clyde Steamship Co., with headquarters at Jacksonville, is registered at Hotel Worthington.

Cole Danley, a prominent railroad official of Jacksonville, is registered at Hotel Worthington.

Mr. and Mrs. Thomas J. Capers of Jacksonville, after spending a week at Worthington Springs enjoying the sulphur water baths daily, have returned to their home.

Hon. B. A. Thrasher registered at Hotel Worthington Saturday.

E. L. Hulme of Jacksonville is registered at Hotel Worthington.

Charles F. Eaton of Lake City spent Sunday at Worthington.

Cuthbert and Jake Padgett of Gainesville are spending their vacation at Worthington Springs.

Mr. and Mrs. A. L. Henry of Jacksonville are guests of Hotel Worthington.

Mrs. A. C. Roberson of Newberry spent yesterday at the springs.

Mrs. I. F. Lamb is visiting the family of Hon. Syd L. Carter of Gainesville.

HAWTHORN HAPPENINGS.

Hawthorn, July 13.—The weather still remains hot and dry.

People of this section will be sorry to learn of the death of R. H. Smith's baby, which was only a few weeks old.

Miss Mildred Johnson has been confined to her room for the last two weeks on account of sickness.

Mrs. Fred Stocks left Sunday for Waldo, where she will spend a couple of weeks.

Mr. and Mrs. Bryan are rejoicing over a new grandson, born Sunday night to Mr. and Mrs. T. D. Bryan of Ocala.

Peaches are all through with now. Willie J. Bryan has shipped eight crates and only leaves a few to eat, which are very small.

Miss Blanche Craber and Miss Rose McRoy of Campville were in town Thursday.

GAINESVILLE LODGE HAD A BIG TIME

Entertained District Deputy Grand Exalted Ruler Taylor.

THE FIRST OFFICIAL VISIT

Of Any Officer of the Grand Lodge to Gainesville Lodge Was Marked by a Success to Be Remembered. Several Speeches Made.

The members of Gainesville Lodge No. 990, Benevolent and Protective Order of Elks, participated in the most memorable meeting since the night of its organization Thursday, the occasion being an official visit of District Deputy Grand Exalted Ruler A. M. Brown of St. Augustine, and the first time this lodge had ever enjoyed the distinction of an official visit from any high official.

Mr. Brown arrived in the city at noon, and in the afternoon was in the hands of a committee comprising Exalted Ruler Henry S. Chubb, Esteemed Loyal Knight J. W. Blanding and Secretary Dr. J. M. Dell, of the local lodge. The distinguished visitor was driven about the city, visiting the University, the Graded and High School buildings, and many other places of interest. He complimented the city very highly upon the rapid advancement made within the past five years, the exceptional educational advantages, and the handsome residences which line the streets in every direction.

In addition to his position as District Deputy Grand Exalted Ruler of the Elks, Mr. Taylor is also president of the State Association of Elks' Clubs of Florida. He is a gentleman of fine presence, genial in manner, affable of speech, and a marked man among any body of men with whom he might become associated. He made a great impression among his brother Elks here.

The meeting in the evening was largely attended, many Elks having enjoyed the opportunity to meet the distinguished visitor, who was informally introduced before the lodge was called to order. It was a cordial and enthusiastic gathering as is always the case when Elks hold functions of this kind, as the Elks are particularly noted for enthusiastic, warmhearted comradeship.

When the lodge had been opened in due form, Exalted Ruler Chubb, in his usual clever and affable manner, formally introduced the distinguished visitor, explaining that he came to Gainesville Lodge No. 990 in an official capacity; that it was the first official visit ever made to this lodge by any officer, and that it was a pleasure and an honor to have him with the lodge.

Mr. Taylor Speaks.

Mr. Taylor responded in a very happy speech, during which he extended sincere congratulations at the rapid development of this lodge, which was regarded as one of the most enthusiastic, hardest working and most substantial in the State. He paid a high tribute to the personnel of the membership and officers, and their splendid work in building up so large a membership and erecting and furnishing such a handsome home, within so short a time. He predicted great things for Gainesville lodge and its future. His address, which was mainly devoted to Elkdom and its principles, was sparkling with eloquence, humor and sound judgment, and was received with enthusiastic applause.

Following Mr. Taylor, Exalted Ruler Chubb presented Congressman Frank Clark in a clever talk, handing him many compliments. He stated that Congressman Clark's eloquence and efficient work in the interest of his constituents was bound to win for him higher honors in the political field at the hands of the people.

Congressman Clark.

Congressman Clark thanked the exalted ruler for his compliments, following this acknowledgment by a beautiful and impressive address on Elkdom, which he declared to be, in his opinion, the leading benevolent order of the world. He was roundly applauded.

Under the head of "good of the order" several interesting addresses were made, among the speakers being Messrs. Jones of Jacksonville and Griggs of Ocala.

At the conclusion of the meeting J. D. Stringfellow, an enthusiastic Elk, extended an invitation to the entire lodge to participate in a cantaloupe feast at his elegant home on West Liberty street. A great many availed themselves of this hospitable invitation, and it is needless to add that this concluding feature was highly enjoyed.

In all, this meeting of Gainesville lodge will be one long to be remembered by the large crowd present.

C. E. SCARBOROUGH MARRIED.

One of Gainesville's Well Known Young Men Takes Himself a Wife.

C. E. Scarborough, a well known young man of this city, was married on Wednesday morning to Miss Annie Griffin, the accomplished daughter of Mr. and Mrs. G. A. Griffin, at Williston.

The ceremony occurred at the home of the bride's parents at 9:30, Rev. A. M. Daigre officiating. The affair was a quiet but impressive one, only the family of the bride and a few intimate friends of the contracting parties being present.

After partaking of a bountiful dinner with Mr. and Mrs. Griffin, the happy couple left on the 12:40 p. m. train for Gainesville, where they will make their future home.

Mr. Scarborough is one of the most popular young men in the set in which he goes. He is a young man of quiet disposition, excellent character and good business judgment, and has been for some time assistant manager for the Gainesville Bottling Works.

The bride is one of Williston's popular young ladies. She is not extensively known here, but those who have the pleasure of her acquaintance love her for her gentleness and entertaining disposition.

The Sun, with other friends, extends congratulations to the happy young couple, and, in the words of the immortal Rip Van Winkle, may they live long and prosper.

Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must, from necessity, be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's remedies have been in the market for many years and enjoy a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumatic pains.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs but $1.25. For sale by all druggists.

How People Lose Their Money.

By concealing it about their person; by stowing it away in mugs, jugs and jars; by sewing it up in skirts and ticks; by tucking it under the couches and carpets, in cupboards and bureau drawers; these are some of the ways by which people lose their money, and sometimes their lives.

TERRIFIC SAND STORM VISITED GAINESVILLE

Old Settlers Declare It Most Severe They Have Ever Seen.

BIG STOCKS WERE DAMAGED

Wind Was High, Sweeping from Streets Great Volumes of Sand, Which Settled in the Eyes of Pedestrians—A Disagreeable Experience.

A sand storm of great violence, which filled the eyes, ears, noses and throats of pedestrians, visited this city at an early hour Friday afternoon, and for a few moments the high winds played havoc in the distribution of sand and dust. The situation was made all the more disagreeable on account of the extreme drought and torn-up condition of the streets on account of the sewer work, the surface of many of the thoroughfares being nothing more than a fine, stifling dust.

The oldest residents declared that they had never before experienced such a sand-storm in this section, and that it reminded them of the sand-storms they had read about on the deserts of Asia.

A great deal of damage was done to stocks in the stores about the square, especially the dry goods and notions stores, and it will be several days before some of these stocks can again be placed in presentable condition.

ADAMS—THAGGARD.

Two Popular Young People of Jasper Recently Married.

The Jasper News of June 14th contains the following marriage notice of interest to many of our people, the groom being well known here as a former student at East Florida Seminary:

"Last Sunday afternoon Mr. Roy Adams and Miss Marie Thaggard, and Mr. H. M. Parish and Miss Mildred Adams, left Jasper for an evening's drive to Suwannee Springs. When they had reached Tiger Creek, a mile out from town, their teams were halted under the wide spreading branches of an old oak tree, and Rev C. W. Smith, appearing on the scene, spoke the words which made Mr. Adams and Miss Thaggard twain one flesh.

"After the quiet little ceremony in this cool shaded wood, and the expression of greetings and best wishes from the three witnesses, the bride and groom proceeded on their way to the Springs, and Rev. Smith, Mr. Parish and Miss Adams returned to town to tell the news.

"Miss Thaggard is one of Jasper's most beautiful and highly accomplished young ladies. Mr. Adams, a son of Hon. and Mrs. Frank Adams, is a successful young business man and the efficient head of The Hamilton Trading Company, and their friends, who are many, will join The News in wishing for them a long and useful life, with much happiness and peace of mind."

WEARING AN OVERCOAT.

L. J. Burkhim Writes Friends That It is Cold at Atlantic City.

While the condition of the weather in this section is causing everybody to perspire freely and many to say uncomplimentary things which would not look well in print, our fellow-townsman, L. J. Burkhim, is shivering in the North and writes a friend that he finds it necessary to wear an overcoat in order to keep comfortable.

Mr. Burkhim wrote from Atlantic City, N. J. He stated that the temperature was uncomfortablely low at the time of writing, and that it reminded him of a "cold Florida day."

Mr. Burkhim went North on a combined business and pleasure trip. His wife and two children are with the family of J. M. Endel in Trenton, N. J., and he will likely remain in that section of the country for the next month.

Tetter Cured.

A lady customer of ours had suffered with tetter for two or three years. It got so bad on her hands that she could not attend to her household duties. One box of Chamberlain's Salve cured her. Chamberlain's medicines give splendid satisfaction in this community.—M. H. Rodney & Co., Almond, Ala. Chamberlain's medicines are for sale by all druggists.

S.S.S. CURES CHRONIC ULCERS

Chronic Ulcers are the result of a deeply polluted and foul blood supply. The blood is filled with impurities and germs which are being constantly fed into the place through the circulation, until all the surrounding flesh becomes diseased and the sore an obstinate and permanent trouble. Every symptom of an old ulcer suggests pollution; the discharge, the red angry looking flesh, the inflammation and discoloration of surrounding parts all show that the ulcer is prevented from healing by the constant drainage through it of impurities from the blood. This impure condition of the blood may be hereditary, or it may be the remains of some constitutional disease, or the effects of a long spell of sickness, leaving disease germs in the system, or the absorption of the refuse of the body which has not been properly expelled through the natural channels. But whatever the cause, the blood is so weakened and polluted that it does not properly nourish and stimulate the place, and the sore cannot heal. Salves, plasters, lotions, etc., keep the sore or ulcer clean, relieve pain, and perhaps reduce inflammation, but can never permanently heal them because they do not reach the blood. S. S. S. goes down to the very fountain-head of the trouble, drives out all poisons and germs, builds up the weak, sluggish blood, gives energy and strength to the system, and by sending a fresh, healthy stream of blood to the diseased parts, allows the ulcer to heal naturally and permanently. Nothing reaches inherited taints like S. S. S. It cleanses the circulation of every trace of hereditary disease or impurity, and those who have nursed and treated an old sore for years will experience good results as soon as the system becomes influenced by S. S. S. Book on Sores and Ulcers and medical advice free to all who write.

DEATH AT ARCHER.

Archer, June 14.—Frank G. Baukknight, a prominent citizen of Archer, died on Tuesday evening and was buried on Wednesday. His death was very unexpected, as he had only been sick ten days. The funeral was held at the Methodist church, conducted by Rev. Mr. Daeger, and was largely attended. The family have the sympathies of their many friends.

SEABOARD IGNORED COMMITTEE REQUEST

In Matter of Sending Engineer to Consult Regarding Station.

OTHER ENGINEERS HERE

Engineers of the Atlantic Coast Line and Tampa and Jacksonville Were On Hand in Response to Request, and Were Entertained by Committee.

Chief Engineer Brown of the Atlantic Coast Line and Assistant Chief Engineer Shaw of the Tampa and Jacksonville railway, in compliance with the request of the committee to meet the committee within ten days from June 3, were here Thursday for the purpose of going over the grounds, inspecting sites, discussing the style of buildings required, etc., relative to the proposed union passenger station for Gainesville. The engineer of the Seaboard Air Line did not put in his appearance, but three members of the committee of the Board of Trade and citizens, Messrs. B. F. Hampton, J. H. Jarvis and E. E. Cannon, together with Engineers Brown and Shaw, visited three proposed sites—the present site of the Gainesville and Gulf, or Tampa and Jacksonville depot, a desirable location at the head of West Main street N., and another location near the junction of the A. C. L. and Seaboard Air Line railroads, at the foot of West Main street S.

The engineers had nothing particular to say in regard to their choice of a location, but promised to correspond and confer further with the committee.

The committee cannot understand why the Seaboard Air Line has so ruthlessly refused their request to send an engineer here, since their representative in the joint meeting of the Board of Trade and the citizens was so willing that a conference be held. The committee is inclined to treat the railroads right, but they are determined to have a union depot, even if it becomes necessary to take more stringent and determined legal steps.

Colored Boy Bitten by Supposed Mad Dog Now Growing Better.

Leroy Feamster, son of John Feamster, colored, corner West Church and North Fifth streets, who was bitten by a supposed mad dog on Monday, is resting easily, and it is believed that the lad will be out of danger in a few days.

The lad was attacked by the dog in the vicinity of his father's store. The canine made a dash for him, and in attempting to ward him off, the boy was bitten on the right cheek and right hand, from which he bled profusely. A physician was called and arnica was prescribed and liberally applied.

The father of the boy states that he felt sure the dog was mad, and would have shot him but feared that he would be arrested and fined for discharging firearms in the city limits, as that is a very stringent offense of the municipal law.

The other child bitten by the dog has not yet been heard from.

Baseball Players and Foot Racers.

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1.00. Sold by W. M. Johnson.

Wanted in Hawthorn.

John Bacon, a negro from Hawthorn, was arrested in this city Wednesday upon a charge of aggravated assault, the instructions coming from the authorities at Hawthorn.

Bacon was taken by an officer to Hawthorn, where he will be arraigned in justice court.

Do Not Neglect the Children.

At this season of the year the first unnatural looseness of a child's bowels should have immediate attention. The best thing that can be given is Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by castor oil as directed with each bottle of the remedy. For sale by all druggists.

The Song of the Hair

There are four verses. Verse 1. Ayer's Hair Vigor stops falling hair. Verse 2. Ayer's Hair Vigor makes the hair grow. Verse 3. Ayer's Hair Vigor cures dandruff. Verse 4. ON A LONG CRUISE.

Midshipman McCormick Will Spend Three Years in Asiatic Squadron.

Midshipman Harvey W. McCormick, a Gainesville boy who has passed successfully and with honor through the Naval Academy at Annapolis, has been assigned to the first-class cruiser Tennessee for a three-year cruise under direction of the Asiatic station, and sailed on the Tennessee Thursday from Portsmouth, R. I., direct for Bordeaux, France.

Midshipman McCormick is one of the brightest and most ambitious young men Florida has ever produced, and is destined to make a record which will not only be a credit to himself and his family, but to his native State and the nation of which he is a subject. Upon his return to his native land three years hence, it may be said in advance, that he will have gained a great deal by observation which will not be taken as merely a passing panorama, but will be jotted down in his memory like the old saying of the letters engraved in the tablet of stone.

Midshipman McCormick has many friends here who will be glad to learn of his excellent success and rapid advancement, and hope to see him reach the top ladder of fame.

MISSOURI PAID OUT.

Negro Accused of Stealing Pocketbook Again Has His Freedom.

Henry Missouri, convicted in the Mayor's court Monday morning upon a charge of stealing a pocketbook containing $2.35 from a woman, and who was sentenced to pay a fine of $5 and costs or spend thirty days on the streets, has paid his fine, after laboring under a sweltering June sun for three days, and is again a free man.

Missouri has probably made up his mind that it is better to be honest than otherwise, and will no doubt not make another attempt to betray the confidence of his friends.

A Happy Mother

Will see that her baby is properly cared for—to do this a good purgative is necessary. Many babies suffer from worms and their mothers don't know it—if your baby is feverish and doesn't sleep at night, it is troubled with worms. White's Cream Vermifuge will clean out these worms in a mild, pleasant way. Once tried always used. Give it a trial. Price 25 cents. Sold by W. M. Johnson.

Mr. Colson at Battle Creek.

Information was received in this city Friday to the effect that Mr. and Mrs. Perry M. Colson, Dr. and Mrs. J. F. McKinstry, Jr., and C. W. Chase, had arrived safely in Battle Creek, Mich., where Mr. Colson will remain at the Battle Creek Sanitarium for his health.

The letter bears information that the patient stood the trip well, and that he was feeling a great deal better, which will be gratifying to his numerous friends here and throughout the State.

Ancient Rome

Is now merely a memory of the past. Ballard's Snow Liniment is the family liniment of the twentieth century. A positive cure for Rheumatism, Burns, Cuts, Sprains, Neuralgia, etc. Mr. C. H. Runyon, Stanberry, Mo., writes: "I have used Snow Liniment for Rheumatism and all pain. I can't say enough in its praise." Sold by W. M. Johnson.

DECISION REVERSED IN IMPORTANT CASE

Mrs. Carrie D. Mallard Received Judgment from A. C. L.

THE AMOUNT WAS $32,000

Woman Sued Atlantic Coast Line for $32,000 for Death of Husband, Who Was Killed in Railroad Accident. Judgment Secured but Reversed.

With a fortune within her grasp, when a jury of the Circuit Court of the Eighth Judicial Circuit in and for Alachua County had agreed upon a verdict in her favor against the Atlantic Coast Line for $32,000, Mrs. Carrie D. Mallard now finds herself as poor as ever, as far as this judgment is concerned, since information has been received here to the effect that the Supreme Court has reversed the decision of the lower court.

It will be remembered that Mrs. Carrie D. Mallard at the fall term of the Circuit Court, at which His Honor Judge Palmer was presiding, sued the Atlantic Coast Line for the death of her husband, who was an engineer on the defendant road, which death occurred in an accident at Newberry. This case was tried regularly by jury, and a verdict as above stated was rendered.

The defendant company, through its attorneys, carried the case to the Supreme Court, with the result that, after careful weighing the briefs in the matter, the decision was reversed.

Mrs. Mallard was represented by Attorney Augustus H. King of Jacksonville and W. W. Hampton of this city, while the Atlantic Coast Line's attorneys were Carter & Layton of this city and R. A. Burford of Ocala.

This action of the Supreme Court is considered a great victory for the defendant.

GAINESVILLE NATIONAL BANK.

Work on Interior of Building for New Bank Progressing Rapidly.

The work on the interior of the new Gainesville National bank building, which is the old Endel block, so long occupied by Marcus Endel as a clothing store, progresses nicely, and within a short time the place will be ready to receive the excellent furniture and fixtures, which were made to order by an Atlanta firm.

This bank, when completed, will be a model of beauty, and one of the most convenient and modern equipped in the entire State. The panels will be of marble, the ceiling will be of steel, pressed, and altogether the interior of the building will be at least inviting.

There Are Few

People who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for Chills and Fever and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown-up people, and I recommend it. It is fine for La Grippe." Sold by W. M. Johnson.

Goodwin and the Graphophones.

J. A. Goodwin, ticket agent of the Atlantic Coast Line, is destined yet to do something for the good of this community.

While it is known that Mr. Goodwin is a young man possessed of a great fondness for music, and is himself a vocal artist of more than passing note, he has become convinced that, among other nuisances, is the graphophone.

It is said that a caucus, which was attended by Dr. Gordon B. Tison, Henry M. Chitty and Mr. Goodwin, was held a night or two recently, when Mr. Goodwin consented to permit his name to go on the ticket for alderman at the next municipal election with one of the most important and serious points in his platform an obligation that he would pass an ordinance confiscating and demolishing every public graphophone on the square, the owner of said machine to be subjected to a heavy penalty.

Mr. Goodwin would no doubt get a big vote on this platform.

SUMMER NORMAL TO OPEN MONDAY

Indications Are That Large Number of Students Will Be Here.

A MOST EXCELLENT FACULTY

The Normal This Year Promises to be One of the Most Successful Ever Held in the State—Term Will be Opened Monday Morning.

From Sunday's Daily Sun.

In compliance with instructions from State Superintendent of Public Instruction Holloway, the State summer normal will open in this city Monday morning, June 17, at 9:30 o'clock. Already a large number of students from every section of the State have arrived, and the indications are that there will be from 200 to 250 students for the term.

While the system of summer normals has been in vogue in this State for many years, this promises to be the most successful ever held, as under the new educational law, when all matters educational have been brought down to a fine point, the benefit is bound to be much greater.

A faculty of the leading educators of the State has been selected for this normal, and is as follows:

W. F. Yocum, Dean of the University of the State of Florida, principal, psychology, pedagogy.

W. E. Knibloe, principal of the Duval High School, botany, zoology, physics.

Geo. M. Lynch, principal of the Jasper Normal Institute, arithmetic I, algebra, geometry, trigonometry.

Tom F. McBeath, principal of the Gainesville Graded and High School, rhetoric, English literature, English grammar I, composition.

J. H. Workman, principal of the Ocala High School, general history, physical geography, arithmetic II, orthography.

W. H. Russell, principal of the Starke High School, Latin, physiology, civil government.

P. W. Corr, Summerlin Institute, U. S. history, Florida history, political geography, English grammar II.

Mrs. Ella LaF. Hamilton, principal of the Primary Department of the Starke High School, primary methods, reading.

Dr. W. F. Yocum, dean of the University of Florida, and one of the most widely known educators of the South, as is noted, will be the principal of the normal. Others who have been assigned to various positions are equally prominent in the line of education, and altogether the term promises to prove one of the most beneficial ever held in the State.

The opening exercises of the normal, which will be held in the building of the Gainesville Graded and High School, will begin at 9:30 Monday morning. There will probably be an address of welcome by Mayor Thomas, welcoming the students to the city, which will be followed by addresses by County Superintendent Dr. J. L. Kelley, Hon. W. W. Hampton of the board of trustees of the Ganesville sub-school district, and others.

Dr. Yocum, who s enthusiastic over the success of this normal, declares that he is going to exercise every effort to make it the best summer normal ever held in the State. He is an excellent instructor, has selected an excellent faculty, and there is no reason why this should not be the case, as every instructor is an enthusiastic and an efficient educator.

The students are being assigned to various homes of the city who have agreed to take them as boarders during the term, which will close August 9th.

At the close of the term State Superintendent Holloway will direct an examination under the auspices of the State educational department, which will be for State and primary certificates.

ACCIDENT ON A. C. L.

Citra Local Had Head-On Collision With Palatka Freight.

There was a head-on collision of the Citra local and a freight train from Palatka on the Atlantic Coast Line railroad at Micanopy Junction Saturday morning, owing to a misunderstanding of orders.

There was no loss of life, but Trainmaster Pooser, who sustained a sprained ankle, was on the freight.

Trainmaster Pooser was brought to his home in this city, and is now under treatment of his physician. Friends will be glad to learn that his injuries are not serious, and that he will be out again in a few days.

The Citra train arrived about an hour late, but it was necesasry to send a wrecking train to Micanopy Junction to clear the wreck.

A New Firm.

Dr. J. H. Alderman, for many years a dentist of more than passing note, who is known not only in Gainesville but in several other sections, has taken into partnership Dr. Harry L. Pearce, recently graduated from the Atlanta Dental College, one of the leading institutions of the kind in the United States.

Dr. Alderman is so well known in this city and section that it is unnecessary to make references to him, except to say that for several years he has enjoyed the most lucrative practice in this section of the State. Dr. Pearce is a young man well known here, having been born and reared in Gainesville. His graduating papers were of the very highest order, which is the best recommendation which could be given him.

The business will be continued at the same stand occupied by Dr. Alderman, over the Dutton bank, and it is needless to add that the new firm will enjoy a fine success.

MR. VAUGHN WELL PLEASED WITH STATE

His Mind Has Been Disabused Regarding Florida and People.

PAYS STATE A COMPLIMENT

Prominent Seed Man of Chicago Looked Upon Florida as Good for Nothing But Raising Vegetables and Malaria, But Was Happily Disappointed.

L. H. Vaughn, a member of the Vaughn Seed Store, Chicago, who has been in this city for the past ten days in the interest of the firm, which was the defendant in a case of assumpsit in which J. D. Stringfellow was the plaintiff, is very much impressed with this section of the country.

This is Mr. Vaughn's first visit to the South. Born and reared in Chicago he never fully comprehended the glorious advantages of the South, especially Florida, and had been taught to believe that there was nothing here but a rough country, capable only of producing vegetables and malaria.

"I have always labored under the impression that Florida was merely nothing," he admitted in the lobby of the Brown House Friday. "I thought, from what I had been told, that all the State was good for was to raise produce to ship to us fellows up North, although I must admit that I have compared Florida products with the products of other States and sections and often wondered why it was that Florida was good for nothing but the production of vegetables and fruits.

"I have changed my ideas of Florida, however, since coming here, and I want to say that I am 'dead stuck' on the country and your people, who are among the cleverest I have ever met. They have treated me so hospitably that I am almost ashamed to own up that I ever entertained idea that they were anything but best, cleverest people on earth, you may feel sure that in futur will be found blowing a horn for Fl da and its people."

Mr. Vaughn paid special tribute Gainesville. "It is one of the m model, up-to-date little cities I h ever seen and I have traveled so he said. "I must admit that I surprised upon my arrival here find, instead of a lot of old wo structures, a town built up of handsome business houses and r dences, and with such magnifi walks and streets, and I am g to be honest enough to say that I so much in love with Gainesville this section that I am almost tem to leave my business in Chicago somebody else and come and live die among you good people."

Mr. Vaughn states that he will return to Chicago at present, but visit several of the growers in t section who have been his custom for many years.

John F. Whitney, a valued employe of The St. Augustine Evening Record, is dead.

If Mr. Burr should be elected Governor he could then appoint his own successor as a member of the railroad commission.

Senator D. H. Baker of Sumter county would make an excellent member of the railroad commission to succeed Mr. Morgan.

Adjutant-General Foster has asked for the recall of Major Dapray, inspector of State troops for the National Government.

The Packer, a New York publication devoted to the interests of fruit and truck growers, is deserving the patronage of the public. It is fearless and outspoken and never hesitates to expose the fakirs.

A wet and dry election will be held in Santa Rosa county on July 3rd. The prohibitionists are confident of winning the fight and in that event there will not be a saloon between Pensacola and Jacksonville.

The office of railroad commissioner now seems to be the most sought after. It is one of the most important places of public trust within the gift of the people and candidates should be required to demonstrate their fitness for the place.

Governor Hughes of New York is not often mentioned in the public press these days as a Presidential probability, but we would not be surprised to see him the Republican nominee. He is without a doubt the best man in his party.

The county commissioners and members of the school board now receive four dollars per day salary and mileage. They will hereafter be nominated by their respective districts, instead of the county at large, the law having been changed in this respect.

Governor Hughes of New York vetoed the two-cent-a-mile railroad bill on the ground that the companies could not pay expenses at that rate. If the railroads cannot make a profit hauling passengers in New York at two cents a mile, how can they be expected to do so in States of much less population?

Dr. A. S. Jerry, a negro physician of Tallahassee, who at one time resided in Gainesville, has been held in $350 bond on the charge of stealing a package of the examination papers consigned by Superintendent Holloway to the Bradford county school board. Jerry is always in some sort of trouble.

Two years and a half from now, says The Miami Metropolis, is the time set by the F. E. C. Railway Company for running its first through train into Key West. And there were people who once upon a time will even now declare the feat of building a railroad across the Florida Keys impracticable. This is the day when brain triumphs over brawn, the true way of measuring a man's worth and possibilities.

DEATH OF SENATOR MORGAN.

Atlanta Journal: One of the stalwarts of Democracy and one of the veterans of national legislation passed away in the death of United States Senator John T. Morgan of Alabama, who breathed his last in Washington on Tuesday night. Within a few days he would have celebrated his eighty-third birthday and thirty years of that extended span of life was spent as a member of the upper house of Congress.

His civic career, long as it was, came to round out a life of honor and usefulness during the stirring days of the Civil war. He was a distinguished officer of the Confederacy, and if he had done nothing more to endear him to the people among whom he lived his name would have ranked high in the annals of the South.

And yet the period of his military service was slight indeed compared to the length of time he spent in the Senate.

One was always sure of finding him on the safe and conservative side of all public questions, and his high integrity coupled with his great ability gave force and prestige to anything he might say.

But in his public career he was the striking type of the man who dedicates himself to a great idea and devotes all the energy of his mind and heart to its furtherance. It was with a clear and prophetic vision that John T. Morgan long ago saw the immeasurable benefit that would accrue to the South by the construction of an inter-oceanic canal. He was far and away the highest authority on that great undertaking. He was the unwavering champion of the Nicaraugua route, and he was always able to present vigorous arguments in support of the faith that was in him. He steadily adhered to his conviction to the last, and there can be no doubt that there was much to be said in favor of his contention.

But it is not as the protagonist of the Nicaraugua route as against the Panama or any other route that he should be remembered. For many weary years he had to combat all the powers which opposed the construction of any kind of canal. The great transcontinental railroad interests were always at work, not in the open, but in a subtle and hence more dangerous fashion to undermine this project of a canal across Central America. The energy and ingenuity with which he uncovered the source of this opposition and laid bare its hollow arguments give him a clear claim to the consideration of the people. He is not to be remembered merely as the partisan of the Nicaraugua route, but as the advocate of a canal, as against the combined opposition of selfishness and obstruction. While the final decision of the Government was not in accordance with his specific recommendations, it is in a large measure due to his presentation of the needs of an inter-oceanic canal that the project, in some form, was finally set on foot, and he must be allowed to participate in the glory of the achievement.

Senator Morgan was a native of Tennessee, but his life has been almost exclusively identified with Alabama, and she may well rank him as among her most gifted and devoted sons. The people of that State will render him a high tribute of gratitude, now that he has gone to rest, and the people of the whole country make due acknowledgment of his energy, ability and incorruptible integrity.

Farmers, small merchants and householders, in fact everyone, will be interested in the war that the Department of Agriculture is waging against the rats and mice. The department has just issued a small pamphlet for free distribution giving the latest and best advice of its experts on rat trapping and poisoning, rat proof building construction, the protection of poultry houses, corn cribs and the like. It is said that the damage by rats in this country is hard to calculate, but it amounts to more each year than from all other animal pests combined. The pamphlet on rat killing ought to be a popular publication and is certainly a very pretical one.

Our Southern right, title and interest in Mr. Roosevelt is now no longer an open question. In his speech on Georgia Day at the Jamestown Exposition, Monday, he fearlessly stated that he was half Southern and half Northern by virtue of his Georgia mother. As to which half is the best we are not prepared to say.—Live Oak Democrat.

BRANN ON GOD.

W. C. Brann, of Iconoclast fame, was once asked whether he was a Baptist or an Atheist. Brann's brilliant English is remembered by all who read The Iconoclast before the tragic death of its editor. Answering the above query, he wrote:

"I belong to no cult or creed, but I know beyond the peradventure of a doubt that the mighty universe is not without a master. His origin is beyond my comprehension; I cannot understand the creation; how then can I comprehend the Creator? I know nothing of the future. I spend no time speculating upon it—I am overwhelmed by the past and at death grip with the present. At the grave God draws the line between the two eternities. Never has living man lifted the veil of death and looked beyond. 'Revealed Religion' was not born of reason or nursed by knowledge; it is the child of love, of pain, and lives between the rosy breasts of hope. There is a Diety. I have felt His presence and heard His voice. I have been cradled in His robe. All that is or ever will be is but the visible garment of God. Seek not to know His plans or purpose. I ask no written covenant with God, for he is my father. I trust him without requiring priests or prophets to indorse his note. As I write my little son wakes and comes groping through the darkness to my door. He sees the light shining through the transom, returns to his little bed and lies down to dream. He knows that beyond the light his father keeps watch and asks no more. Through a thousand celestial transoms streams the light of God. Why should I fear the sleep of death, the unknown terrors of the starless night or the waves of the river Styx? Why should I fear the sleep of death, with assurance from the lips of men that the wisdom, love and power of my Heavenly father will not fail?"

The following advice from The Miami Metropolis is applicable to all Florida towns at this particular season of the year: "Get out the brooms, the rakes, the shovels, the sickles, the lawn mowers, the wheelbarrows, the carts, the trash cans, the boxes, the soap, the mops, the scrubbing brushes, the lime, the disinfectants, the sprayers, the hose and let energy and intelligence take command. Clean up the flanks and rear as well as the fronts. Clean up everything that needs cleaning, and do it well. It is a big job for one day, but by keeping at it for two or three days we can have a spotless town. There are a few people who ought also to be bathed."

The trial commenced in Washington this week of Edwin S. Holmes, formerly Assistant Statistician of the Department of Agriculture, who is charged with being responsible for the "leak" in the crop reports almost two years ago. Holmes was a small Government official, but he managed to get rich while in office and invested in apartment houses, and did other things that indicated an income far beyond his salary. He claims that he made his money in mining speculation, but this is a point that will be brought out in his trial. The charge against him is conspiracy to defraud the Government.

They say that Tallahassee was so quiet Saturday night you could have heard the dew drop, the ice scream, the brick walk and the fence rail; but we don't pretend to say it's so. All the big heads have left there and the above sounds rather chestnutty.—Tampa Tribune.

Oak hall it off. There was no atmospheric condensation, neither did the coolness shriek, the compressed clay pedestrianate, nor the enclosure scoff.—Lake City Index.

Our Lake City friends can no longer claim that the University of Florida is not located in the city of Gainesville.—Gainesville Sun.

No. It's yours, Bro. Sun. We were scrapping a little for our rights in the matter, and we got them in a measure. We want to say, though, in this connection, that we only did what our neighbor arranged to do in case we had won under the Buckman act.—Lake City Index.

The farmers of Macclenny will engage extensively in strawberry culture the coming season. This was formerly one of the most profitable industries in the vicinity of Gainesville, but for some reason it has been abandoned.

COLSON-GAY FARM.

This Farm, Located at Arredondo, is Making Large Shipments.

One of the most successful farms in this section this year will be the Colson & Gay farm, at Arredondo, which it seems has been particularly favored by nature.

The Sun a few days ago stated that from ninety acres of cantaloupes the yield promised to be the most prolific of any similar tract in the county, and that the manager has refused a cash offer of $4,000 for the crop on the vines. At the time some of the wise predicted that the refusal of this offer was a serious mistake, but it is about to develop now that the manager has a level head in refusing.

This farm began its first solid car load shipments Monday, and during the week closing today an average of one solid carload a day will have been consigned to the markets of the North. The fruit is exceptionally fine, and is bringing good prices, and altogether it looks now as the owners of this farm will make a fine thing financially from their efforts.

They are talking about this one and that one running for Congress against Frank Clark. The fellow who wants to keep his scalp had better let Frank alone. A large majority of the people of the Second District are entirely satisfied with his service and intend to keep him in Congress.—Starke Telegraph.

It would be a waste of any man's time to run against Frank Clark for Congress in this district, and it is equally a waste of any man's words and wind to be urging such a candidacy. Mr. Clark's Congressional record has thoroughly commended him to his constituents and he is so solidly fixed in their confidence that something very like general derision would meet the efforts of any man to displace him.—Live Oak Democrat.

Daily shipments of pineapples from the lower East Coast now exceed twenty cars. The foreign exports will probably be greater this year than ever before. This is merely introducing a delicious fruit to many thousands of persons who never had a chance to eat it before. When the foreign demand once begins to grow it will be difficult to satisfy it without a very great increase of the acreage devoted to this fruit. The future of pineapple culture is golden. The domestic consumption is increasing every year while the foreign trade has yet hardly passed the experimental stage. It will be marked when it is shown that the pineapple can be shipped across seas successfully.—Times-Union.

MANSFIELD—ZETROUER.

Marriage of Two Popular Young People at Rochelle.

The home of Mr. and Mrs. S. O. Zetrouer, Wednesday morning, was the scene of a most beautiful wedding, the contracting parties being Mr. L. Elmo Mansfield and Miss Lula Zetrouer. The attendants were Mr. E. Waits and Miss Susie Mansfield, N. W. Colman and Miss Ruby Griffin.

The bride and groom marched to the altar, stopping directly under the floral bell. Rev. J. H. Mathewson, in beautiful words and eloquent language, pronounced them husband and wife.

The decorations were beautiful, the entire room being almost a bower of roses, ferns, palms, trailing vines and sweet magnolias. Two large initials, "M." and "Z.", forming the initials of the contracting parties, hung from the decorations back of the floral bell.

The bride was attired in a gown of silk crepe de chine over white satin trimmed with Irish point lace, while the groom wore a handsome suit of conventional black. The attendants were all richly costumed and presented a most attractive appearance to the already pretty scene.

After the ceremony an excelelnt dinner was served in superabundance. At 1:30 they drove to the depot and boarded the train for Pelham, Georgia, the home of the groom, from which place they will proceed to Jamestown and other points to spend their honeymoon. The bridal presents were numerous, thus testifying largely the love and esteem of their many friends.

The groom is one of the most widely known and most popular young men of Jacksonville. He holds a very responsible position, being dispatcher at the S. A. L. at that point, and is quite popular.

The bride is one of our fairest and most beautiful young ladies and a favorite for her affectionate and sweet disposition.

They will make Jacksonville their future home. A GUEST.

SUMMER NORMAL TO OPEN MONDAY

Indications Are That Large Number of Students Will Be Here.

A MOST EXCELLENT FACULTY

The Normal This Year Promises to be One of the Most Successful Ever Held in the State—Term Will be Opened Monday Morning.

From Sunday's Daily Sun.

In compliance with instructions from State Superintendent of Public Instruction Holloway, the State summer normal will open in this city Monday morning, June 17, at 9:30 o'clock. Already a large number of students from every section of the State have arrived, and the indications are that there will be from 200 to 250 students for the term.

While the system of summer normals has been in vogue in this State for many years, this promises to be the most successful ever held, as under the new educational law, when all matters educational have been brought down to a fine point, the benefit is bound to be much greater.

A faculty of the leading educators of the State has been selected for this normal, and is as follows:

W. F. Yocum, Dean of the University of the State of Florida, principal, psychology, pedagogy.

W. E. Knibloe, principal of the Duval High School, botany, zoology, physics.

Geo. M. Lynch, principal of the Jasper Normal Institute, arithmetic I, algebra, geometry, trigonometry.

Tom F. McBeath, principal of the Gainesville Graded and High School, rhetoric, English literature, English grammar I, composition.

J. H. Workman, principal of the Ocala High School, general history, physical geography, arithmetic II, orthography.

W. H. Russell, principal of the Starke High School, Latin, physiology, civil government.

P. W. Corr, Summerlin Institute, U. S. history, Florida history, political geography, English grammar II.

Mrs. Ella LaF. Hamilton, principal of the Primary Department of the Starke High School, primary methods, reading.

Dr. W. F. Yocum, dean of the University of Florida, and one of the most widely known educators of the South, as is noted, will be the principal of the normal. Others who have been assigned to various positions are equally prominent in the line of education, and altogether the term promises to prove one of the most beneficial ever held in the State.

The opening exercises of the normal, which will be held in the building of the Gainesville Graded and High School, will begin at 9:30 Monday morning. There will probably be an address of welcome by Mayor Thomas, welcoming the students to the city, which will be followed by addresses by County Superintendent Dr. J. L. Kelley, Hon. W. W. Hampton of the board of trustees of the Ganesville sub-school district, and others.

Dr. Yocum, who s enthusiastic over the success of this normal, declares that he is going to exercise every effort to make it the best summer normal ever held in the State. He is an excellent instructor, has selected an excellent faculty, and there is no reason why this should not be the case, as every instructor is an enthusiastic and an efficient educator.

The students are being assigned to various homes of the city who have agreed to take them as boarders during the term, which will close August 9th.

At the close of the term State Superintendent Holloway will direct an examination under the auspices of the State educational department, which will be for State and primary certificates.

ACCIDENT ON A. C. L.

Citra Local Had Head-On Collision With Palatka Freight.

There was a head-on collision of the Citra local and a freight train from Palatka on the Atlantic Coast Line railroad at Micanopy Junction Saturday morning, owing to a misunderstanding of orders.

There was no loss of life, but Trainmaster Pooser, who sustained a sprained ankle, was on the freight.

Trainmaster Pooser was brought to his home in this city, and is now under treatment of his physician. Friends will be glad to learn that his injuries are not serious, and that he will be out again in a few days.

The Citra train arrived about an hour late, but it was necesasry to send a wrecking train to Micanopy Junction to clear the wreck.

A New Firm.

Dr. J. H. Alderman, for many years a dentist of more than passing note, who is known not only in Gainesville but in several other sections, has taken into partnership Dr. Harry L. Pearce, recently graduated from the Atlanta Dental College, one of the leading institutions of the kind in the United States.

Dr. Alderman is so well known in this city and section that it is unnecessary to make references to him, except to say that for several years he has enjoyed the most lucrative practice in this section of the State. Dr. Pearce is a young man well known here, having been born and reared in Gainesville. His graduating papers were of the very highest order, which is the best recommendation which could be given him.

The business will be continued at the same stand occupied by Dr. Alderman, over the Dutton bank, and it is needless to add that the new firm will enjoy a fine success.

MR. VAUGHN WELL PLEASED WITH STATE

His Mind Has Been Disabused Regarding Florida and People.

PAYS STATE A COMPLIMENT

Prominent Seed Man of Chicago Looked Upon Florida as Good for Nothing But Raising Vegetables and Malaria, But Was Happily Disappointed.

L. H. Vaughn, a member of the Vaughn Seed Store, Chicago, who has been in this city for the past ten days in the interest of the firm, which was the defendant in a case of assumpsit in which J. D. Stringfellow was the plaintiff, is very much impressed with this section of the country.

This is Mr. Vaughn's first visit to the South. Born and reared in Chicago he never fully comprehended the glorious advantages of the South, especially Florida, and had been taught to believe that there was nothing here but a rough country, capable only of producing vegetables and malaria.

"I have always labored under the impression that Florida was merely nothing," he admitted in the lobby of the Brown House Friday. "I thought, from what I had been told, that all the State was good for was to raise produce to ship to us fellows up North, although I must admit that I have compared Florida products with the products of other States and sections and often wondered why it was that Florida was good for nothing but the production of vegetables and fruits.

"I have changed my ideas of Florida, however, since coming here, and I want to say that I am 'dead stuck' on the country and your people, who are among the cleverest I have ever met. They have treated me so hospitably that I am almost ashamed to own up that I ever entertained idea that they were anything but best, cleverest people on earth, you may feel sure that in futu will be found blowing a horn for F da and its people."

Mr. Vaughn paid special tribut Gainesville. "It is one of the m model, up-to-date little cities I h ever seen and I have traveled so he said. "I must admit that I surprised upon my arrival here find, instead of a lot of old woo structures, a town built up of handsome business houses and dences, and with such magnif walks and streets, and I am to be honest enough to say that I so much in love with Gainesville this section that I am almost tem to leave my business in Chicago somebody else and come and live die among you good people."

Mr. Vaughn states that he will return to Chicago at present, but visit several of the growers in section who have been his custo for many years.

John F. Whitney, a valued employe of The St. Augustine Evening Record, is dead.

If Mr. Burr should be elected Governor he could then appoint his own successor as a member of the railroad commission.

Senator D. H. Baker of Sumter county would make an excellent member of the railroad commission to succeed Mr. Morgan.

Adjutant-General Foster has asked for the recall of Major Dapray, inspector of State troops for the National Government.

The Packer, a New York publication devoted to the interests of fruit and truck growers, is deserving the patronage of the public. It is fearless and outspoken and never hesitates to expose the fakirs.

A wet and dry election will be held in Santa Rosa county on July 3rd. The prohibitionists are confident of winning the fight and in that event there will not be a saloon between Pensacola and Jacksonville.

The office of railroad commissioner now seems to be the most sought after. It is one of the most important places of public trust within the gift of the people and candidates should be required to demonstrate their fitness for the place.

Governor Hughes of New York is not often mentioned in the public press these days as a Presidential probability, but we would not be surprised to see him the Republican nominee. He is without a doubt the best man in his party.

The county commissioners and members of the school board now receive four dollars per day salary and mileage. They will hereafter be nominated by their respective districts, instead of the county at large, the law having been changed in this respect.

Governor Hughes of New York vetoed the two-cent-a-mile railroad bill on the ground that the companies could not pay expenses at that rate. If the railroads cannot make a profit hauling passengers in New York at two cents a mile, how can they be expected to do so in States of much less population?

Dr. A. S. Jerry, a negro physician of Tallahassee, who at one time resided in Gainesville, has been held in $250 bond on the charge of stealing a package of the examination papers consigned by Superintendent Holloway to the Bradford county school board. Jerry is always in some sort of trouble.

Two years and a half from now, says The Miami Metropolis, is the time set by the F. E. C. Railway Company for running its first through train into Key West. And there were people who once upon a time and even now declare the feat of building a railroad across the Florida keys impracticable. This is the day when brain triumphs over brawn, the true way of measuring a man's worth and possibilities.

DEATH OF SENATOR MORGAN.

Atlanta Journal: One of the stalwarts of Democracy and one of the veterans of national legislation passed away in the death of United States Senator John T. Morgan of Alabama, who breathed his last in Washington on Tuesday night. Within a few days he would have celebrated his eighty-third birthday and thirty years of that extended span of life was spent as a member of the upper house of Congress.

His civic career, long as it was, came to round out a life of honor and usefulness during the stirring days of the Civil war. He was a distinguished officer of the Confederacy, and if he had done nothing more to endear him to the people among whom he lived his name would have ranked high in the annals of the South.

And yet the period of his military service was slight indeed compared to the length of time he spent in the Senate.

One was always sure of finding him on the safe and conservative side of all public questions, and his high integrity coupled with his great ability gave force and prestige to anything he might say.

But in his public career he was the striking type of the man who dedicates himself to a great idea and devotes all the energy of his mind and heart to its furtherance. It was with a clear and prophetic vision that John T. Morgan long ago saw the immeasurable benefit that would accrue to the South by the construction of an inter-oceanic canal. He was far and away the highest authority on that great undertaking. He was the unwavering champion of the Nicaraugua route, and he was always able to present vigorous arguments in support of the faith that was in him. He steadily adhered to his conviction to the last, and there can be no doubt that there was much to be said in favor of his contention.

But it is not as the protagonist of the Nicaraugua route as against the Panama or any other route that he should be remembered. For many weary years he had to combat all the powers which opposed the construction of any kind of canal. The great transcontinental railroad interests were always at work, not in the open, but in a subtle and hence more dangerous fashion to undermine this project of a canal across Central America. The energy and ingenuity with which he uncovered the source of this opposition and laid bare its hollow arguments give him a clear claim to the consideration of the people. He is not to be remembered merely as the partisan of the Nicaraugua route, but as the advocate of a canal, as against the combined opposition of selfishness and obstruction. While the final decision of the Government was not in accordance with his specific recommendations, it is in a large measure due to his presentation of the needs of an inter-oceanic canal that the project, in some form, was finally set on foot, and he must be allowed to participate in the glory of the achievement.

Senator Morgan was a native of Tennessee, but his life has been almost exclusively identified with Alabama, and she may well rank him as among her most gifted and devoted sons. The people of that State will render him a high tribute of gratitude, now that he has gone to rest, and the people of the whole country make due acknowledgment of his energy, ability and incorruptible integrity.

Farmers, small merchants and householders, in fact everyone, will be interested in the war that the Department of Agriculture is waging against the rats and mice. The department has just issued a small pamphlet for free distribution giving the latest and best advice of its experts on rat trapping and poisoning, rat proof building construction, the protection of poultry houses, corn cribs and the like. It is said that the damage by rats in this country is hard to calculate, but it amounts to more each year than from all other animal pests combined. The pamphlet on rat killing ought to be a popular publication and is certainly a very pretical one.

Our Southern right, title and interest in Mr. Roosevelt is now no longer an open question. In his speech on Georgia Day at the Jamestown Exposition, Monday, he fearlessly stated that he was half Southern and half Northern by virtue of his Georgia mother. As to which half is the best we are not prepared to say.—Live Oak Democrat.

BRANN ON GOD.

W. C. Brann, of Iconoclast fame, was once asked whether he was a Baptist or an Atheist. Brann's brilliant English is remembered by all who read The Iconoclast before the tragic death of its editor. Answering the above query, he wrote:

"I belong to no cult or creed, but I know beyond the peradventure of a doubt that the mighty universe is not without a master. His origin is beyond my comprehension; I cannot understand the creation; how then can I comprehend the Creator? I know nothing of the future. I spend no time speculating upon it—I am overwhelmed by the past and at death grip with the present. At the grave God draws the line between the two eternities. Never has living man lifted the veil of death and looked beyond. 'Revealed Religion' was not born of reason or nursed by knowledge; it is the child of love, of pain, and lives between the rosy breasts of hope. There is a Diety. I have felt His presence and heard His voice. I have been cradled in His robe. All that is or ever will be is but the visible garment of God. Seek not to know His plans or purpose. I ask no written covenant with God, for he is my father. I trust him without requiring priests or prophets to indorse his note. As I write my little son wakes and comes groping through the darkness to my door. He sees the light shining through the transom, returns to his little bed and lies down to dream. He knows that beyond the light his father keeps watch and asks no more. Through a thousand celestial transoms streams the light of God. Why should I fear the sleep of death, the unknown terrors of the starless night or the waves of the river Styx? Why should I fear the sleep of death, with assurance from the lips of men that the wisdom, love and power of my Heavenly father will not fail?"

The following advice from The Miami Metropolis is applicable to all Florida towns at this particular season of the year: "Get out the brooms, the rakes, the shovels, the sickles, the lawn mowers, the wheelbarrows, the carts, the trash cans, the boxes, the soap, the mops, the scrubbing brushes, the lime, the disinfectants, the sprayers, the hose and let energy and intelligence take command. Clean up the flanks and rear as well as the fronts. Clean up everything that needs cleaning, and do it well. It is a big job for one day, but by keeping at it for two or three days we can have a spotless town. There are a few people who ought also to be bathed."

The trial commenced in Washington this week of Edwin S. Holmes, formerly Assistant Statistician of the Department of Agriculture, who is charged with being responsible for the "leak" in the crop reports almost two years ago. Holmes was a small Government official, but he managed to get rich while in office and invested in apartment houses, and did other things that indicated an income far beyond his salary. He claims that he made his money in mining speculation, but this is a point that will be brought out in his trial. The charge against him is conspiracy to defraud the Government.

They say that Tallahassee was so quiet Saturday night you could have heard the dew drop, the ice scream, the brick walk and the fence rail; but we don't pretend to say it's so. All the big heads have left there and the above sounds rather chestnutty.—Tampa Tribune.

Oak hall it off. There was no atmospheric condensation, neither did the coolness shriek, the compressed clay pedestrianate, nor the enclosure scoff.—Lake City Index.

Our Lake City friends can no longer claim that the University of Florida is not located in the city of Gainesville.—Gainesville Sun.

No. It's yours, Bro. Sun. We were scrapping a little for our rights in the matter, and we got them in a measure. We want to say, though, in this connection, that we only did what our neighbor arranged to do in case we had won under the Buckman act.—Lake City Index.

The farmers of Macclenny will engage extensively in strawberry culture the coming season. This was formerly one of the most profitable industries in the vicinity of Gainesville, but for some reason it has been abandoned.

COLSON-GAY FARM.

This Farm, Located at Arredondo, is Making Large Shipments.

One of the most successful farms in this section this year will be the Colson & Gay farm, at Arredondo, which it seems has been particularly favored by nature.

The Sun a few days ago stated that from ninety acres of cantaloupes the yield promised to be the most prolific of any similar tract in the county, and that the manager has refused a cash offer of $4,000 for the crop on the vines. At the time some of the wise predicted that the refusal of this offer was a serious mistake, but it is about to develop now that the manager has a level head in refusing.

This farm began its first solid carload shipments Monday, and during the week closing today an average of one solid carload a day will have been consigned to the markets of the North. The fruit is exceptionally fine, and is bringing good prices, and altogether it looks now as the owners of this farm will make a fine thing financially from their efforts.

They are talking about this one and that one running for Congress against Frank Clark. The fellow who wants to keep his scalp had better let Frank alone. A large majority of the people of the Second District are entirely satisfied with his service and intend to keep him in Congress.—Starke Telegraph.

It would be a waste of any man's time to run against Frank Clark for Congress in this district, and it is equally a waste of any man's words and wind to be urging such a candidacy. Mr. Clark's Congressional record has thoroughly commended him to his constituents and he is so solidly fixed in their confidence that something very like general derision would meet the efforts of any man to displace him.—Live Oak Democrat.

Daily shipments of pineapples from the lower East Coast now exceed twenty cars. The foreign exports will probably be greater this year than ever before. This is merely introducing a delicious fruit to many thousands of persons who never had a chance to eat it before. When the foreign demand once begins to grow it will be difficult to satisfy it without a very great increase of the acreage devoted to this fruit. The future of pineapple culture is golden. The domestic consumption is increasing every year while the foreign trade has yet hardly passed the experimental stage. It will be marked when it is shown that the pineapple can be shipped across seas successfully.—Times-Union.

MANSFIELD—ZETROUER.

Marriage of Two Popular Young People at Rochelle.

The home of Mr. and Mrs. S. O. Zetrouer, Wednesday morning, was the scene of a most beautiful wedding, the contracting parties being Mr. L. Elmo Mansfield and Miss Lula Zetrouer. The attendants were Mr. E. Waits and Miss Susie Mansfield, N. W. Colman and Miss Ruby Griffin.

The bride and groom marched to the altar, stopping directly under the floral bell. Rev. J. H. Mathewson, in beautiful words and eloquent language, pronounced them husband and wife.

The decorations were beautiful, the entire room being almost a bower of roses, ferns, palms, trailing vines and sweet magnolias. Two large initials, "L. Z.", forming the initials of the contracting parties, hung from the decorations back of the floral bell.

The bride was attired in a gown of silk crepe de chine over white satin trimmed with Irish point lace, while the groom wore a handsome suit of conventional black. The attendants were all richly costumed and presented a most attractive appearance to the already pretty scene.

After the ceremony an excelelnt dinner was served in superabundance. At 1:30 they drove to the depot and boarded the train for Pelham, Georgia, the home of the groom, from which place they will proceed to Jamestown and other points to spend their honeymoon. The bridal presents were numerous, thus testifying largely the love and esteem of their many friends.

The groom is one of the most widely known and most popular young men of Jacksonville. He holds a very responsible position, being dispatcher at the S. A. L. at that point, and is quite popular.

The bride is one of our fairest and most beautiful young ladies and a favorite for her affectionate and sweet disposition.

They will make Jacksonville their future home. A GUEST.

CHARGED WITH RAPE WRIGHT DISCHARGED

Court Ruled That Prosecutrix Was Not a Competent Witness.

ONLY SEVEN YEARS OLD

Strobhar Case Again Continued, Owing to Illness of Defendant—Davidson Heavily Fined—Thomas Bribery Case Resulted in Mistrial.

From Saturday's Daly Sun

While apparently little was accomplished at the session of the circuit court Friday, it was a strenuous day, and a day of important events before the tribunal, because it involved at the beginning the question of a life which was hinged upon the competency or incompetency of the prosecuting witness, which was to be decided by the court. This was the case of the State vs. Sam Wright, a negro, who was charged with the serious crime of criminal assault upon the person of Nettie Jones, a wee bit of a girl only seven years of age, and for which the penalty, if convicted, is death.

There were no witnesses in this case against Wright except the little girl, and when the defendant was arraigned and pleaded not guilty and the jury called and sworn, the prosecutrix was examined by the court and pronounced, after a thorough examination, incompetent. The jury was therefore instructed, as a matter of form, to return a verdict of not guilty, and the prisoner was released. The defendant, who has been in prison for several weeks, was represented by Geo. W. Scofield and E. G. Baxter.

Strobhar Case Continued.

In the celebrated case of the State of Florida vs. J. N. Strobhar, charged with embezzlement (two counts), the particulars of which have so often been published that it is now unnecessary to review same, the cases were continued upon motion of the attorneys for the defense until the fall term, on account of the illness of the defendant.

D. M. Davidson was arraigned upon a charge of selling liquor in a county voting against the sale of same. Defendant was arraigned and plead guilty. He was assessed a fine of $750 and costs in the first case, sentence was suspended pending future good behavior of the defendant in the second, and the third was nol prossed.

The case of State, vs. Samuel J. Slaughter, charged with selling mortgaged property, was continued by motion of the attorneys for defendant.

Thomas Bribery Case.

The afternoon was consumed in the trial of the case of the State vs. J. C. B. Thomas and William Thomas, charged with attempting to bribe a grand jury. The defendants were arraigned and pleaded not guilty, whereupon a jury was empanelled as follows: W. H. Ellis, J. H. Jarvis, J. W. English, W. P. Moseley, H. J. Riles, Geo. P. Smith.

Testimony was taken, argument presented, and case turned over to jury, and at 9 o'clock the jury reported that they could not agree, hence a mistrial was ordered by the court and the jury discharged.

State Attorney Rivers, however, stated to the court that there was no evidence against J. C. B. Thomas, and requested that the case against him be nol prossed, which was so ordered.

Steamers for Ocmulgee.

Macon, Ga., June 14.—At a meeting of the Macon business men interested in river shipping plans were made for the construction of two steamers to be used on the Ocmulgee from Macon to the sea. The boats will have a maximum capacity of 140 tons each. The navigation company, of which W. E. Small is president, will construct the boats in Macon. They will be in operation within three months. Construction begins at once.

DEATH HAS CLAIMED SENATOR J. T. MORGAN

Alabaman Passes Away at the National Capital.

IN BAD HEALTH FOR YEARS.

For a Long Period Senator Morgan Had Represented Alabama in the Senate—He Was Regarded as One of the Leaders of that Body.

Washington, June 13.—United States Senator John Tyler Morgan, of Alabama, for thirty years a member of the upper house of congress, chairman of the senate committee on interoceanic canals, and prominent as a brigadier general in the confederate army, died at his home here Tuesday night.

Senator Morgan had been in bad health for a number of years, but had more or less regularly attended the sessions of congress. He suffered from angina pectoris, which was the cause of his death.

At the bedside were his daughters,

SENATOR JOHN T. MORGAN.

Miss Mary Morgan and Miss Cornelia Morgan, both of this city, and his secretary, J. O. Jones.

Mr. Morgan attended to his congressional duties at his home here until about a week ago. Since that time he had been confined to his bed.

Mr. Morgan was a democrat, and was born in Athens, Tenn., June 20, 1824.

His home in Alabama was at Selma, where the funeral will take place, the body probably being taken from here Thursday.

Mr. Morgan had held a number of important offices beside that of senator, including membership in the Hawaiian laws commission and arbitrator on the Behring sea fisheries. His chief active interest in the senate in recent years had been in connection with the isthmian canal question. He was a persistent advocate of the Nicaragua route, and made a number of notable speeches during his long, but unsuccessful fight for the adoption of a Nicaraguan waterway. In the hearings on the canal question in committee and on the floor Mr. Morgan took an active part, despite his great age and failing strength.

LITTLE BOY TRIED FOR MURDER

He Entered a Plea of Guilty and Was Sentenced.

Chattanooga, Tenn., June 13.—With tear-stained face, bare-legged 10-year-old Dave Templeton sat in the criminal court Tuesday to answer to the charge of the murder of Joe McCormack, 10 years old, in East Chattanooga, May 11 last.

By agreement, the boy entered a plea of guilty to the charge of voluntary manslaughter, and his sentence was fixed at eleven months and twenty-nine days in the workhouse. This sentence was suspended by Judge McReynolds and the boy was committed to the reform school.

Fell Dead at Doctor's Gate.

Marietta, Ga., June 14.—Will Lockhart, a mulatto, aged 25 years, was murdered here Tuesday night by unknown parties. He was stabbed in the neck, the jugular vein being severed, but he managed to walk about two blocks to a doctor's residence, falling dead just as he opened the gate. A negro woman, Lula Holmes, who was with him just before he was stabbed, is being held on suspicion. Lockhart was a rather bad character, having served a two years' term in the penitentiary

Negro Convict Shoots Guard.

Newton, Ga., June 14.—Ivey King, a negro convict in Bowers & Kendall camp, about 10 miles southwest of this place, shot and fatally wounded Arthur Brunson, the guard, Tuesday. No particulars have been learned, only that the guard had several convicts in the woods when King and another convict slipped up on him and King shot him with a winchester rifle. Both of the convicts escaped and Sheriff Perry with several men left here to try and overtake them.

America Wins Another Championship.

London, June 14.—America captured another championship at the international horse show here Thursday, Auditor B. A. B. McLay's chestnut gelding, winning the cup presented by Sir Lee Knowles for the best light harness horse, for which there was the keenest competition. C. W. Watson, of Baltimore, took first prize with Lord Baltimore and My Maryland, and Alfred G. Vanderbilt third prize with Columbia and High Boy in the tandem classes for horses exceeding 15.2.

Steamer's Maiden Voyage.

New York, June 14.—The steamer President Lincoln arrived here on her maiden voyage from Hamburg. The steamer had considerable hard weather during the voyage, but the officers say she proved herself an admirable sea boat. The liner brought 32 saloon, 144 second cabin, 268 third class and 2,554 steerage passengers. The President Lincoln was built at Belfast. She is of 1,803 gross tonnage and carries a crew of 330 men.

Beaten by Highwaymen, Man Dies.

New York, June 14.—Agust Meyer, a well-to-do shoemaker of Brooklyn, was so severely beaten by three highwaymen Thursday that he died a few hours later in a hospital. One of the alleged assailants, Nicholas Fennimore, a youth of 20 years, is under arrest.

JUSTICE KNIGHT EXPLAINS

As to Controversy Between Himself and Commissioners.

Editor Sun: I see in the proceedings of the County Commissioners they have asked that the Governor remove me from the office of justice of the peace, and allege something wrong about the payment of jurors and witnesses at an inquest held over an unknown negro. Now I am going to give the facts about this matter and let the people of this county judge of the wrong of which I am accused: Sometime in January of this year it was reported to me that a dead negro was found near here. I had a jury summoned and we all went to the place and found the body of a negro man who had been dead several days, and after viewing the body the jury went to work, with what help myself and the constable could give them, to try and ascertain who the man was and how he came to his death, but after several days' inquiry and after examining a number of witnesses they failed to identify the dead man or learn anything about how he came to his death. They rendered their verdict accordingly. Then, according to law, I made out the pay rolls for the jurors and witnesses, or for as many of the witnesses as I could get at easily, some of them living at a distance from my home, and I did not see all that was before the jury. These pay rolls were sent in in January before the February meeting of the board. The board did not pay the bill at that meeting, but about a week after the March meeting of the board I received a warrant for $3 for myself, and another one for $35.65, this one marked "for jurors and witnesses at inquest of unknown negro," but made payable to me. Now the law does not require me to keep a copy of pay roll of jurors and witnesses at inquests, so I had no copy of the items. I was about to return the warrant, but some of the jury being present and wanting their pay, I made an estimate of the amount that I could pay each and have enough to go around. So I paid each juror for four days and his mileage, and each witness that I could remember for one day and mileage and found I had $4.95 left. This not being enough to give the jurors another day, I returned this amount to the county treasurer. Now these commissioners are jumping on me about this matter, when I don't think I am the one to blame. If anyone who wishes will look at Section 4102 in the General Statutes of the State they will find that the county commissioners should have paid each juror and each witness, and not called on me to attend to their business, and as it had been nearly two months since I made out the pay rolls I could not remember each item, and had to take the word of the witnesses as to the amount due them. Now, these are the facts, as can be established, and I want the public to know them.

Respectfully,

LaCrosse, June 14. L. J. KNIGHT.

Clever Advertising.

We are unable to state where the idea originated in Gainesville, but one of the cleverest works of advertising that has been noticed outside of the newspapers here was that adopted by the Junior Auxiliary of the Episcopal church to attract patrons to the lawn fete Thursday.

This scheme consisted of a number of footprints, beginning on East Liberty street and extending every few feet west until they reached the gate of Mrs. C. A. Colclough's home, where the function was being held.

This feature was all the more attractive by the numerous catch phrases, or sentences, marked on each footprint, directing the pedestrian the "right way." "This is the way," "don't get weary," "bring your pocketbook," "just a few steps further," "you are on the right road," and other equally suggestive imprints were sufficiently interesting to lead the inquisitive on until he reached the last track—the desired place.

NOTICE.

Take notice that I will, on the first Thursday of July, or as soon thereafter as I may be heard, apply to the pardoning board of Florida for a pardon for Steve Timmons, who was convicted of murder in the second degree at the fall term of the Circuit Court for Alachua county. Anyone desiring may then be heard on the merits of the application. Dated this June 3rd, 1907.

FLORIDA NEGROES.

Representatives of the Race to Meet In Tallahassee June 26th-27th.

The Florida Negro Business League, organized in Jacksonville in June, 1906, will hold its second annual meeting at Tallahassee on the 26 and 27 inst.

The membership of the League is composed of a class of the more industrious and thriving colored men of the State and there are many features connected with it that are commendable.

There is a national organization of colored men, known as the National Negro Business League, organized in Boston, Mass., in August, 1900, of which Booker T. Washington is president. This National body met in Atlanta last year and will meet in Topeka, Kansas, in August. The Florida League affiliates with the National organization.

The Tallahassee meeting on the 26th inst. is looked forward to with a great deal of interest among the colored people of the State.

The program of exercises for the two days' session will represent that class of negroes in different parts of the State who are successful in their respective pursuits, both along industrial and business lines.

M. M. Lewey, publisher of The Pensacola Sentinel, is president of the State League, and through him a low rate over all lines in Florida has been secured. The Seaboard Air Line, on account of this meeting will sell round-trip tickets from all Florida points for one fare plus 25 cents.

To Our Friends and Patrons.

The closing of our banking department is now fixed for the 5th of July. This will be immediately succeeded by The Dutton Bank, a State institution organized by and to be conducted and managed by some of the most reliable and conservative men of the city and vicinity.

All deposits in the bank of H. F. Dutton & Co. will be transferred to the new bank, unless otherwise directed by the depositors, and business will continue without change or interruption of any kind. The new bank will forward receipts and all necessary papers to the depositors.

Parties holding time certificates of deposit can have them redeemed at once, with interest, or can hold them until their maturity, to suit the wishes or convenience of the holder. The new bank will issue certificates with like conditions if parties so desire.

We bespeak for our successors the same liberal patronage that we have received. They are men so well known in this vicinity that they will have already secured the confidence of others as they have of ourselves. They ask for your patronage, and will return in favors as liberal as a conservative method of doing business will permit. If our old depositors, who have been with us so many years, will extend to them the same confidence, favors and patronage that they have so liberally given us, they will add to the many obligations under which they have already placed us.

H. F. Dutton & Co. will handle cotton (bales of cotton) as usual at the old stand. Very sincerely,

H. F. DUTTON & CO.

Joe Lee, a successful and well-known farmer of Hampton, has returned to his home, after a brief visit to his friend, J. A. Manning, in this city. Mr. Lee states that, unlike this section, his section has been fortunate with an abundance of rain, with the result that the crops are fine.

A party of young people, chaperoned by Mr. and Mrs. J. R. Merchant, participated a straw ride and supper near Hogtown creek Wednesday evening. Six couples were present, and it is needless to add that the young folks enjoyed the occasion to its fullest extent. Mr. and Mrs. Merchant are very popular as chaperones.

The Junior Auxiliary of the Episcopal church gave a lawn fete at the home of Mrs. C. A. Colclough yesterday, the function beginning at 5 o'clock in the afternoon and lasting until late in the evening. Ice cream and cake was served, and the children enjoyed an excellent patronage, the proceeds of the function being devoted to the mission fund.

Friends of Mrs. Pharabe Manning of this city, who is spending a few weeks at the home of her son, J. E. Manning, Harlem, Putnam county, will regret to learn that her health is very poor, and that she is little improved. Mrs. Manning left here ill several days ago for the home of her son in Putnam, thinking probably the change would prove beneficial.

Arch Jackson and Harry L. Owen left yesterday for LaFayette county, where they go for another drove of cattle. Mr. Jackson recently brought in a drove of ninety-six head, which were as fine range cattle as have been seen in this section for some time. The cattle trading between Gainesville, the West End and LaFayette county is becoming quite an important industry.

W. N. Fielding and family, who have been residing in this city for some time, have removed to Waldo, where they will make their future home. Mr. Fielding, who is a section foreman on the Seaboard Air Line, has been transferred from this division to the Jacksonville-Tampa division, and will make his headquarters at Waldo. Friends of this estimable family will regret very much to lose them. Miss Maude Fielding, however, will remain here, retaining her position as bookkeeper with The S. J. Thomas Company.

From Saturday's Daily Sun

Colie Hester of Evinston was in the city yesterday.

Mrs. D. Hicks and two grandchildren of Waldo were among those who spent yesterday in Gainesville.

'Phone A. M. Dickson, broker, Gainesville, and get prices, quality and quick delivery. Goods sold from Jacksonville and the West. Can give delivery prices to all points.

W. S. Jackson of Lake View was among those who spent yesterday trading in this city. Mr. Jackson states that the melon movement from his section is good, notwithstanding the long and disastrous drought.

Friends of J. J. Burton, who for many years resided with his family in this city, but who recently removed to Live Oak, will regret to learn that he is indisposed. They hope, however, for a better report in a few days.

Those needing anything in the way of machinery, from a saw-mill down to saw-mill supplies, should write the Maisby Company, 41 South Forsyth street, Atlanta, Ga. See the advertisement of this firm elsewhere in this issue.

Assistant Postmaster J. P. H. Bell and family have returned from Cedar Key, where they have been for the past two or three weeks recuperating. Mr. Bell states that there are quite a number of sojourners at that resort now, and that everyone seems to be having a good time.

Mrs. H. Herzog of Pennsylvania, who has been here for the past few months as a guest of her son, Dr. Herzog, Jr., left yesterday for her home, via New York. Mrs. Herzog was delighted with Gainesville, and made many friends here who hope to see her return in the autumn.

J. R. Malphurs of LaCrosse, one of the pinoeer citizens of that section of the county, was in the city yesterday, calling at The Sun office and having his name enrolled upon the subscription list. Mr. Malphurs, who has passed the sixty-second milepost of his life, is a Confederate veteran, and is very highly regarded by those who know him.

W. P. Shettleworth, the boss melon grower of this section, was in the city from Evintson yesterday, and the city editor is under obligations to him for a remembrance in the nature of a 45-pound melon of the finest flavor. Mr. Shettleworth has already shipped from his farm up to Friday eight solid cars for the week, and the fruit being exceptionally fine, must necessarily bring good prices. From one hundred acres he expects to ship about fifty cars. The season will be short, but profitable.

From Sunday's Daily Sun:

Blank leases for sale at this office. Price $2 per hundred.

J. Percy Getsen of Fort White is in the city on a visit to Mr. and Mrs. J. F. Bunch.

For pine shingles, rosin barrel staves and headings, write T. J. Cone, Raleigh, Fla.

Geo. M. DeSha and son, Lester, of Waldo, were among the visitors to Gainesville Friday.

George Gleason and sons, Geo. Jr., and Gilbert, were in the city from Rocky Point yesterday.

C. L. Smith left yesterday for Quitman, Ga., where he will spend a few days with his mother, Mrs. J. M. Shearer.

Remember A. M. Dickson, the broker, when in the market for groceries, hay, grain and feed-stuff. Save money and time. Write or 'phone me. Both long-distance 'phones.

J. W. English of Tacoma has returned to his home, having served on the jury here in the circuit court for the past week. Mr. English is one of the best known young men of the county.

Those looking for bargains should not fail to read the half-page advertisement of The G. W. Hyde Company in today's Sun. June is bargain month at this store, and many special values are offered in all lines.

Rev. P. J. Lynch, pastor of St. Patrick's Catholic church, returned yesterday from Hawthorn, where on Friday evening he conducted services. Father Lynch has several charges, in all of which he is quite popular.

J. R. Fowler, formerly of this city but who is now engaged in the manufacture of lumber at Greenville, left yesterday for his home, after a couple of days spent in this city on business. Mr. Fowler owns a nice home here which he occupied for some time, and which it is understood he has leased to T. B. Stringfellow.

Reuben Anglin, one of the faithful employes of Hon. W. H. Robertson near Newnan's Lake, was in the city yesterday, calling at The Sun office and renewing his subscription. Reuben states that he has been constantly in the employ of Mr. Robertson for the past twenty-two years, and speaks very highly in praise of his employer.

Dr. W. M. Johnson has returned from Jacksonville and Atlantic Beach, where he has been in attendance at the meeting of the Florida State Pharmaceutical Association. Dr. Johnson, who has been for the past year the treasurer of the association, was again elected, which was quite a compliment. Dr. Johnson is one of the most popular druggists in the State.

Mr. and Mrs. C. B. Van Deman of Jacksonville passed through the city yesterday with the remains of Mrs. Van Deman's mother, Mrs. Thos. Owens, who was being taken to her former home at Reddick for interment. Mrs. Owens died in Jacksonville Friday. She was one of the oldest residents of the Reddick station, and her friends regret greatly her demise.

Harry Cannon of Rocky Point, who spent two or three days with his friends here, has gone North for the summer. He will visit the Jamestown Exposition, relatives in Delaware, and other points, and may proceed to California before he returns. Harry was desperately ill with typhoid fever for a few weeks, and will take this trip in an endeavor to regain his health.

Hon. F. M. Ramsey of Wacahoota was among those who spent yesterday in this city. He reports that the crops have been suffering from drought in his section, but the tomato crop will be good. From a five-acre field of tomatoes he has been gathering some fine fruit, from which he has realized fine prices. Mr. Ramsey has enjoyed the advantages of irrigation this year, which has proved of great benefit to his crop.

Attention is called to the advertisement of Weston & Eagle, who are the exclusive agents for Ludden & Bates, Savannah, the best musical dealers in the South. This firm is handling the celebrated Estey and Fanen organs, the Chickering, Iver & Pons, Estey, Krell and a dozen other makes of pianos, and will be found reliable in every way. They ask a share of the patronage of those desiring musical instruments, as their prices and terms are right.

Captain and Mrs. J. N. Strobhar, after a month's stay in this city, left yesterday for Montgomery, Ala., where they are now making their home. Captain Strobhar, who is charged with embezzlement while he was agent of the Atlantic Coast Line in this city, was here to answer to the charge at this term of the court, but owing to illness the case was continued until the next term. Captain Strobhar's friends regret very much his illness, and trust that he will soon regain his normal health.

NOTICE.

Lost, on the Seaboard Air Line accommodation train on Saturday, June 8, a package containing a black cape and some important letters. The person who found them will please return to The Gainesville Sun office and receive reward. No questions will be asked.
